SECURITY CLASSIFICATION (if any)

FILE NO.

SUBJECT: Security of Weapon System Information

TO: See Distribution

FROM: WDSI

DATE: 28 Jan 59

COMMENT NO. 1

Capt Ballaro/al/2718

1. Reference WDSI DF's dated 24 October 1958 and 14 November 1958, subject as above, there is evidence that too much information concerning or inferring Sentry Program progress is being transmitted in UNCLASSIFIED messages. A general tightening of communications security measures is desired.

2. All addressees are requested to classify at least CONFIDENTIAL all messages which imply status of Sentry Program and to use EFTO in accordance with sound communications practices.
